

Olive Oil Analysis

Instructions Provide each sample in a glass bottle. Sample size: 250 ml or larger. A market-ready bottle with original label is preferred. If sample is of oil in bulk, please affix a label indicating lot or batch identifier. You must specify an identifier for each sample, which will be included in the certificate of analysis. If available, please include olive varieties and harvest date. Pack the bottles with sufficient padding to prevent breakage. You may want to ship samples early in the week. Please attach payment.
